Antwerp, Belgium

## FRONT END DEVELOPER

I am a self-taught front-end developer with a strong foundation in building responsive, user-friendly, and visually appealing web experiences. Through extensive self-study, I have completed certifications from renowned institutions, including Harvard, Google, FreeCodeCamp, and Codecademy, covering key areas such as computer science fundamentals, JavaScript, and advanced web design. My technical expertise includes HTML, CSS, JavaScript, React, TypeScript, and TailwindCSS, complemented by a solid understanding of UX/UI principles and design tools like Figma. I am driven by a passion for continuous learning and innovation, consistently striving to create high-quality solutions that seamlessly blend aesthetics with functionality.
